

SCHOOL ASSOCIATION REPORTING

Overview

Due Date

This electronic report is for all districts and Area Education Agencies (AEAs) that pay membership dues to the Iowa Association of School Boards and also join local, regional, and national organizations which directly relate to the functions of the board of directors. Reporting has been separated from the Certified Annual Report (CAR) and is due later in the year in an effort to reduce some of the reporting burden during peak times of the year.

Basis of Reporting

School Association Reporting is a requirement of Iowa Code sections 279.38 and 279.38A. Code section 279.38 requires each board that pays membership dues to the Iowa Association of School Boards to annually report each of the following items to the local community and the department of education.

- The amount the board pays in annual dues to the Iowa Association of School Boards,
- The amount of any fees paid and revenue or dividend payments received for services the board receives from the association or from any of the association's affiliated for-profit entities, and
- The products or services the school district received inclusive with membership in the association.

Section 279.38A of the Code requires the same information to be reported from each board that joins and participates in local, regional, and national organizations which directly relate to the functions of the board of directors. These organizations have been identified within the **School Association Reporting** application.

Local education agencies (LEAs) and AEAs are required by law to be in compliance with Generally Accepted Accounting Principles (GAAP). This requirement applies to this report. All LEAs and AEAs shall use 60 days for the cut-off period for revenue recognition. LEAs/AEAs shall use vendor reports from their finance system on a GAAP basis, along with payment and receipt information, to complete this report.
